NOTICE OF PUBLIC MEETING  
of  
THE CONSERVATION ACQUISITION BOARD  
(CAB)  
of  
THE ARIZONA STATE PARKS BOARD

Notice is hereby given to members of the Conservation Acquisition Board (CAB) and the general public that the CAB will hold a meeting open to the public on **Tuesday, August 13, 2013, at 1:30 p.m. at Arizona State Parks, in the Board Room located in the basement of 1300 W. Washington, Phoenix, Arizona**, pursuant to A.R.S. § 41-511.05 and A.R.S. § 41-511.25.

The CAB may go into Executive Session for any agenda item at any time during the meeting to discuss or consult with its legal counsel for legal advice on matters listed on this agenda pursuant to A.R.S. § 38-431.03 et seq. Items on the Agenda may be discussed out of order, unless they have been specifically noted to be set for a time certain. Public comment will be taken.

**AGENDA**

(The Chair reserves the right to set the order of the agenda)

**A. CALL TO ORDER AND ROLL CALL**

**B. INTRODUCTION OF MEMBERS AND STAFF**

**C. ACTION ITEMS**

**1. Approval of minutes from the August 21, 2012**

**D. GRANT APPLICATIONS PRESENTATION**

**1. Consider Funding FY 2013 Growing Smarter State Trust Land Acquisition Projects.** CAB will consider the following grant applications:

- a. Flagstaff, City of - \$6,000,000 for the purchase of 2,251.20 acres of Observatory Mesa.
- b. Pima County - \$1,375,000 for the purchase of 800 acres of Tortolita Mountain Park Expansion Acquisition Phase II.
- c. City of Scottsdale - \$12,000,000 for the purchase of 2,365 acres of the McDowell Sonoran Preserve

All recommendations for grant awards will be conditioned upon the appraisals and parcel sizes being approved by the State Land Commissioner, and that the applicants are the highest and best bidders at public auction. **A total of \$16,088,380 is available for the FY 2013 Growing Smarter State Trust Land Acquisition Grant Program.**

A.R.S. §41-511.23.H.2 states that no more than 50% of the Land Conservation Fund from any one fiscal year may be awarded to projects in a single county. This means that no more than **\$8,044,190** can be awarded in any single county (50% of the *total* amount available in any fiscal year).

**E. REPORTS** – Board and staff reports may be written or verbal.

**1. Parks Board Actions on CAB Items**

**F. CALL TO THE PUBLIC** - Consideration and discussion of comments and complaints from the public. Those wishing to address the Board must register at the door and be recognized by the Chair. It is probably that each presentation will be limited to one person per organization. Action taken as a result of public comment will be limited to directing staff to study or reschedule the matter for further consideration at a later time.

**G. SUMMARY OF CURRENT EVENTS, MATTERS OF BOARD PROCEDURE REQUESTS AND ITEMS FOR FUTURE AGENDA**

**H. ADJOURNMENT**

\*\*\*

Pursuant to Title II of the Americans with Disabilities Act (ADA), Arizona State Parks does not discriminate on the basis of a disability regarding admission to public meetings. Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting the acting ADA Coordinator, Nicole Armstrong-Best (602) 542-7152; or TTY (602) 542-4174. Requests should be made as early as possible to allow time to arrange the accommodation.

**D. GRANT APPLICATIONS PRESENTATION**

### **1.Consider Funding FY 2012 Growing Smarter State Trust Land Acquisition Projects.**

Chair McNichol announced that there are six applications for the CAB to consider and a total of \$40,734,760 available to divide among the applications, however, per statute, no more than 50% of the total amount available may be awarded to projects in a single county. For the FY 2012 Growing Smarter Grant Program, there are four separate grant requests within Maricopa County that together total \$65,000,000, and thereby exceed the funding cap of \$20,367,380 for Maricopa County. The remaining two grant requests are from applicants from two separate counties. Neither of those grant requests exceed the \$20,367,380 cap per county.

#### **GENERAL OVERVIEW OF THE GROWING SMARTER STATE TRUST LAND ACQUISITION GRANT FUND PROGRAM.**

Ms. Pulsifer gave a PowerPoint presentation of the Growing Smarter State Trust Land Acquisition Grant Fund Program. (Copy of the presentation available to the public on request.) The funds made available to the Growing Smarter program derive from the Land Conservation Fund. The purpose of the Growing Smarter program is to make funding available to purchase suitable land for conservation in areas that are experiencing rapid growth. Through Proposition 303, the public mandated an annual appropriation of \$20 million (2001 -2011). Of that sum, \$2 million went to the Livestock and Crop Conservation Fund and \$18 million was made available annually to the Growing Smarter program. For the current cycle there is approximately \$40,734,760 available for grants.

Staff received the following six applications for the FY 2012 Growing Smarter State Trust Land Acquisition Grant Program:

- a. Flagstaff, City of - \$2,532,912 for the purchase of 477.80 acres of Picture Canyon.
- b. City of Phoenix – \$15,000,000 for the purchase of 1,543.78 acres of the Phoenix Sonoran Preserve – Priority 3D
- c. Pima County - \$1,890,000 for the purchase of 1,415 acres of Tortolita Mountain Park.
- d. City of Scottsdale - \$15,000,000 for the purchase of 2,045 acres of the McDowell Sonoran Preserve – Cholla Mountain/Rawhide Wash
- e. City of Scottsdale - \$20,000,000 for the purchase of 3,200 acres of the McDowell Sonoran Preserve – Granite Mountain
- f. City of Scottsdale - \$15,000,000 for the purchase of 1,153 acres of the McDowell Sonoran Preserve – Upper Sonoran Desert

The presentation included slides with maps of the lands and surrounding areas and pictures of various features for each project. The maps also noted

lands that have been previously acquired for conservation purposes that are either adjacent or in the vicinity of the parcels that are currently being proposed for acquisition.

Two of the applications are projects outside Maricopa County, three applications from the City of Scottsdale and one from the City of Phoenix. It was noted that the City of Phoenix was the lowest rated of the applications. Discussion followed regarding the range of differences in the ratings among the applications.

Ms. Pulsifer followed up by stating that although the fact of the matter is that some projects did not score as high as others on certain answers to the criteria, all of the properties are more than eligible and well worthy of receiving funding. She added that CAB may also want to consider in addition to the rating scores, the number of acres being purchased and the benefits of distributing the funding in different areas of the state.

The board reviewed and discussed the options listed below, although the focus was on Options 2 and 6.

**Option 1** suggests the following:

Fully fund the two projects outside Maricopa County, which total \$4,279,000 towards the total purchase of 1,892.80 acres as follows:

- Pima County – Tortolita Mountain towards the purchase of 1,415 acres for up to \$1,890,000 and;
- City of Flagstaff - Picture Canyon for the purchase of 477.80 acres for up to \$2,389,000 and;

Fund the two highest scoring and highest requested project amounts from the City of Scottsdale (Granite Mountain and Cholla Mountain-Rawhide Wash), up to the funding cap amount of \$20,367,380 for projects within Maricopa County towards the total purchase of 5,245 acres.

- City of Scottsdale – Granite Mountain, fully fund towards the purchase of 3,200 acres for up to \$18,700,000 and;
- City of Scottsdale – Cholla Mountain/Rawhide Wash partially fund towards the purchase of 2,045 acres for up to \$1,667,380.

**Option 2: Presents only the projects outside Maricopa County.**

Fully fund the two projects outside Maricopa County, which total \$4,279,000 towards the total purchase of 1,892.80 acres as follows:

- Pima County – Tortolita Mountain towards the purchase of 1,415 acres for up to \$1,890,000 and;
- City of Flagstaff - Picture Canyon for the purchase of 477.80 acres for up to \$2,389,000.

**Options 3 thru 6 - Presents only the projects within Maricopa County.**

**Option 3:** This option suggests to fully fund one project within Maricopa County – The City of Scottsdale/Granite Mountain Project and partially fund a second project, The City of Scottsdale/Cholla Mountain-Rawhide Wash Project for total funding of \$20,367,380 towards the purchase of 5,245 acres as follows:

- Fully fund The City of Scottsdale/Granite Mountain Project up to \$18,700,000 towards the purchase of 3,200 acres and;
- Partially fund The City of Scottsdale/Cholla Mountain-Rawhide Wash Project towards the purchase of 2,045 acres up to \$1,667,380.

**Option 4:** This option suggests to fully fund one project within Maricopa County – The City of Scottsdale/Cholla Mountain/Rawhide Wash Project and partially fund a second project – The City of Scottsdale/Granite Mountain Project for total funding of \$20,367,380 towards the purchase of 5,245 acres as follows:

- Fully fund The City of Scottsdale/Cholla Mountain/Rawhide Wash Project up to \$13,300,000 towards the purchase of 2,045 acres and;
- Partially fund The City of Scottsdale/Granite Mountain Project up to \$7,067,380 towards the purchase of 3,200 acres.

**Option 5:** This option suggests to fully fund one project within Maricopa County – The City of Scottsdale/Cholla Mountain/Rawhide Wash Project and partially fund a second project – The City of Phoenix – Sonoran Preserve Priority 3-D Project up to the remaining amount of funds available for Maricopa County for total funding of \$20,367,380 towards the purchase of 3,588.78 acres as follows:

- Fully fund The City of Scottsdale/Cholla Mountain/Rawhide Wash Project up to \$13,300,000 towards the purchase of 2,045 acres and;
- Partially fund The City of Phoenix – Sonoran Preserve Priority 3-D Project up to \$7,067,380 towards the purchase of 1,543.78 acres.

**Option 6:** This option suggests funding all four proposed projects from Maricopa County up to an amount that equals the percentage (36.2732%) of the eligible

amount for each project, based on a ratio of the total amount available to the total amount eligible (ratio of \$20,367,380 to \$56,150,000) as follows:

- City of Scottsdale – McDowell Sonoran Preserve/Cholla Mountain-Rawhide Wash towards the purchase of 2,045 acres for up to \$4,824,330; and
- City of Scottsdale – McDowell Sonoran Preserve/Granite Mountain towards the purchase of 3,200 acres for up to \$6,783,082; and
- City of Scottsdale – McDowell Sonoran Preserve/Upper Sonoran Desert towards the purchase of 1,153 acres for up to \$4,370,917; and
- City of Phoenix – Sonoran Preserve Priority 3-D towards the purchase of 1,543.78 acres for up to \$4,370,917.

Chair McNichol asked that the board consider fully funding the two projects outside Maricopa County (Option 2) for the City of Flagstaff and Pima County. He also asked that the board consider Option 6, which provides funding to all four projects from Maricopa County based on a ratio percentage.

Ms. Gulick expressed concern over recommending grant awards that are not solely based on the rating scores.

In response, CAB member Graham pointed out that because of the statutory limitation of awarding no more than fifty percent in any one county, by default separates the Flagstaff and Pima County projects anyway. That then leaves the four remaining projects to be determined.

In response to Chair McNichol, Kroy Ekblaw stated that the City of Scottsdale was comfortable with Option 6 and willing to accept less than their requested amount. He added that he had discussed the options with the City of Phoenix staff and that they had indicated that they would open to receiving a portion of the funding as suggested in Option 6. Mr. Ekblaw added that although Option 6 would provide approximately \$4M less in funding to the City of Scottsdale, that by partially funding the City of Phoenix according to Option 6, it would allow for the total purchase of 7,941.78 acres versus Options 3 or 4 that only provides toward the purchase of 5,245 by the City of Scottsdale. He added that the City of Scottsdale has preserve tax that will allow them to move forward with the purchase of the acreage not funded through the Growing Smarter Grant Program. He commented that the City of Scottsdale would also like to demonstrate that big cities are able and willing to work together for the common good.

**MOTION** by CAB member **Gulick**, **SECOND** by CAB member Anderson to recommend to the State Parks Board to approve Option 2 as follows:

Fully fund the two projects outside Maricopa County, which total \$4,279,000 towards the total purchase of 1,892.80 acres as follows:

- Pima County – Tortolita Mountain towards the purchase of 1,415 acres for up to \$1,890,000 and;
- City of Flagstaff - Picture Canyon for the purchase of 477.80 acres for up to \$2,389,000.

**MOTION PASSED UNANIMOUSLY.**

**MOTION** by CAB member Gulick, **SECOND** by CAB member Anderson to recommend to the State Parks Board to approve Option 6 as follows:

To approve funding all four proposed projects from Maricopa County up to an amount that equals the percentage (36.2732%) of the eligible amount for each project, based on a ratio of the total amount available to the total amount eligible (ratio of \$20,367,380 to \$56,150,000) as follows:

- City of Scottsdale – McDowell Sonoran Preserve/Cholla Mountain-Rawhide Wash towards the purchase of 2,045 acres for up to \$4,824,330; and
- City of Scottsdale – McDowell Sonoran Preserve/Granite Mountain towards the purchase of 3,200 acres for up to \$6,783,082; and
- City of Scottsdale – McDowell Sonoran Preserve/Upper Sonoran Desert towards the purchase of 1,150 acres for up to \$4,370,917; and
- City of Phoenix – Sonoran Preserve Priority 3-D towards the purchase of 1,543.78 acres for up to \$4,370,917.

The final grant amounts will be based on the Arizona State Land Department (ASLD) final appraisal value of the parcels, agreed upon by the applicants, plus no more than 10% for eligible associated costs. Approval of the awards is contingent upon the appraised land value being finalized before December 31, 2012. I further move that this recommendation be forwarded to the Arizona State Parks Board for final action.

CAB member Graham pointed out that the amount of acres for the City of Scottsdale Upper Sonoran Desert had been misstated as 1,150, and that the correct number of acres to be purchased is 1,153.

**MOTION** by CAB member Gulick, **SECOND** by CAB member Graham to amend the previous motion to reflect the correct number of acres for the City of Scottsdale Upper Sonoran Desert to be 1,153.

**MOTION PASSED UNANIMOUSLY.**

## Conservation Acquisition Board Action Report Agenda Item D

Title: Consider Funding for FY 2013 Growing Smarter State Trust Land Acquisition Fund Grant Applications

Staff Lead: Doris Pulsifer, Chief of Resources & Public Programs

Date: August 13, 2013

---

### Recommended Motion:

I move to recommend to the Arizona State Parks Board to approve the funding for the following three Growing Smarter State Trust Land Acquisition grant requests as follows:

- 1) The City of Flagstaff up to the eligible requested amount of \$6,000,000 for the purchase of 2,251.20 acres of Observatory Mesa.
- 2) Pima County up to the eligible amount of \$1,347,500 for the purchase of 800 acres for the Tortolita Mountain Park Expansion Acquisition Phase II.
- 3) The City of Scottsdale up to the allowable cap per county, which is \$8,044,190 for the FY 2013 Growing Smarter Grant Program, for the purchase of 2,365 acres of the McDowell Sonoran Preserve.

The final grant amounts will be based on the Arizona State Land Department (ASLD) final appraisal value of the parcels, agreed upon by the applicants, plus no more than 10% for eligible associated costs. Approval of the awards is contingent upon the appraised land value being finalized before December 31, 2013. I further move that this recommendation be forwarded to the Arizona State Parks Board for final action.

### Background:

The purpose of the Land Conservation Fund is to conserve open spaces in or near urban areas and other areas experiencing high growth pressures. This is accomplished by awarding grants for the purchase or lease of State Trust land that has been classified as suitable for conservation purposed by the Arizona State Land Department (ASLD).

### Current Status:

The rating team scored the applications per the rating criteria in the FY 2013 Growing Smarter State Trust Land Acquisition Grant Manual and determined that all parcels applied for are unquestionably eligible. See Table A for summary statistics.

The current balance available in the Land Conservation Fund for Growing Smarter State Trust Land Acquisition grants is \$16,088,380.

A.R.S. §41-511.23.H.2 states that no more than 50% of the Land Conservation Fund from any one fiscal year may be awarded to projects in a single county. This means that no more than \$8,044,190 can be awarded in any single county (50% of the total amount available in any fiscal year).

For the FY 2013 Growing Smarter Grant Program, staff received three requests all from different counties. The total amount requested from all three counties is \$19,375,000. However, the grant request from the City of Scottsdale (Maricopa County) is for

## **Conservation Acquisition Board Action Report Agenda Item D**

\$12,000,000, which exceeds the allowable cap per county (\$8,044,190) for the FY 2013 Growing Smarter Grant Program funding cycle. Therefore, the total amount of projects actually eligible for grant funding for all three counties is \$15,391,690.

Staff received the following three applications for the FY 2013 Growing Smarter State Trust Land Acquisition Grant Program:

- a. **Flagstaff, City of** - Total project cost is \$12,000,000 and their funding request is \$6,000,000 for the purchase of 2,251.20 acres of Observatory Mesa. The final appraisal amount is \$11,600,000, which makes this project eligible for up to \$5,800,000 (50%). The project would have also been eligible for up to \$580,000 in associated costs for a total eligible amount of \$6,380,000. However, they are only eligible to receive funding up to their application amount of \$6,000,000.
- b. **Pima County** - Total project cost is \$2,750,000 and their grant funding request is \$1,375,000 for the purchase of 800 acres of Tortolita Mountain Park Expansion Acquisition Phase II. The final appraisal amount of \$2,450,000 is less than their total project cost. This means the project will be eligible for up to \$1,225,000 toward the acquisition plus \$122,500 in associated costs for a total grant of \$1,347,500 (\$27,500 less than their funding request).
- c. **Scottsdale, City of** - Total project cost is \$24,000,000 and their funding request is \$12,000,000 for the purchase of 2,365 acres of the McDowell Sonoran Preserve. The final appraisal amount is \$21,300,000. If sufficient funding were available, this project would have been eligible for \$10,650,000 plus \$1,065,000 in associated costs. However, the project is only eligible for up to \$8,044,190 due to the cap allowed for any single county.

### **Time Frame:**

The Arizona State Parks Board will consider the recommendation by the Conservation Acquisition Board (CAB) for funding the FY 2013 Growing Smarter State Trust Land Acquisition grant applications at their Board meeting on September 18, 2013. Following their approval, staff will proceed with the following:

- ASP staff will prepare award letters, Participant Agreements, and Conservation Easements.
- The Arizona State Land Department will schedule public auctions.
- Grant awards will be contingent upon the appraisals and parcel sizes being approved by the State Land Commissioner, and the applicants are the highest and best bidders at public auction.
- ASP staff will execute agreements.
- Grantees will submit requests for grant reimbursements following their full payment to the Arizona State Land Department.
- ASP will process grant reimbursement requests.
- ASP will close projects.
- Time frame will be contingent upon auction dates, and
- Grantees will submit annual Self-Certifications on annual basis.

## **Conservation Acquisition Board Action Report Agenda Item D**

### **Staff and Financial Resources:**

A total of \$16,088,380 is available for the FY 2013 Growing Smarter State Trust Land Acquisition Grant Program.

### **Relationship to Strategic Plan:**

Partnerships: To build lasting public and private partnerships to promote local economies, good neighbors, recreation, conservation, tourism and establish sustainable funding for the agency.

### **Relevant Past Board Actions:**

The Board has approved a total of \$250,820,447 in Growing Smarter Grant Funds between Fiscal Years 2001 thru 2012 of which a total of \$198,347,801 was actually expended towards the acquisition of 25,866 acres of State Trust land for conservation. A summary list of the history of Growing Smarter Grant awards is attached.

### **Attachments:**

- 1) Summary list of applications indicating the rating scores and funding requests and recommendations.
- 2) Summary list of history of Growing Smarter grant awards.

### Growing Smarter State Trust Land Acquisition Grant Program FY 2013 Grant Funding Recommendations

The current balance available in the Land Conservation Fund for Growing Smarter State Trust Land Acquisition grants is \$16,088,380. Monies from the Land Conservation Fund's public conservation account can provide up to 50% of the appraised value of any purchase or lease of reclassified State Trust land, as well as approved costs associated with the acquisition. As part of the grant award, matching funds for costs associated with acquisition may be eligible but may not exceed 10% of the grant award. A.R.S. §41-511.23.H.2 states that no more than 50% of the Land Conservation Fund from any one fiscal year may be awarded to projects in a single county. This means that no more than \$8,044,190 can be awarded in any single county.
